FINANCIAL POLICY

Thank you for choosing us as your health care provider. We are committed to your treatment. Please understand that payment of your bill is considered a part of your treatment. The following is a statement of our **Financial Policy**, which we require you to read and sign prior to any treatment:

1. All patients must complete our information and insurance form before seeing the doctor.
2. For your convenience we accept cash, check, Visa, MasterCard, American Express and Discover.

We have contracts with most commonly used insurance companies. Please check to see if we accept your insurance. If we do not accept your insurance policy, as a courtesy, we will bill your company. Your insurance policy is a contract between you and your insurance company. We are not a party of that contract. If we bill your insurance company and they have not paid your account in full within 45 days, the balance will be billed directly to you. Any subsequent visits must be paid in full at the time the services are rendered. Please be aware that some insurance companies, including Medicare, may determine treatment to be non-covered or find it not to be reasonable or necessary. If such a determination is made, you will be responsible for such services. Such services will be billed and payment is due upon receipt of bill.

Regarding insurance plans where we are a participating provider: All co-pays and deductibles are due at the time of treatment. If there are any additional procedures performed, they may be subject to an additional **Co-Payment, Deductible or Co-Insurance**. Please refer to your HealthCare Plan for additional information. In the event that your insurance coverage changes to a plan where we are not a participating provider, refer to the above paragraph.

Usual and customary rates: Our practice is committed to providing the best treatment for our patients and we charge what is usual and customary for our area. You are responsible for payment regardless of any insurance company's arbitrary determination of what constitutes a usual and customary rate.

Minor patients: The adults accompanying a minor and the parents (or guardians of the minor) are responsible for full payment. For unaccompanied minors, non-emergency treatment will be denied unless charges have been pre-authorized to an approved credit plan, Visa, MasterCard, Discover or payment by cash or check at the time of service has been verified.

Missed appointment and late cancellation policy: A "no-show" is missing a scheduled appointment. A "late-cancellation" is canceling an appointment less than 1 business day prior to the scheduled appointment. A charge up to \$50.00 will be assessed for each no show or late cancellation. When an appointment is made, it takes an available time slot away from another patient. No-shows and late-cancellations delay the delivery of healthcare to other patients needing care.

Co-pays and Balances: Co-pays are due at the time of service. If we need to bill you for the co-pay, there will be an additional \$5.00 processing fee. You will also be asked to pay any outstanding patient balance. We will charge a \$25.00 late fee for every 30 days your account goes unpaid.

Insufficient Fund Fee: Checks that are returned will be charged a \$45.00 insufficient funds fee.

Collection Fee: Unpaid balances may be turned over to an outside collection agency. In the event your account is turned over for collections, you as the patient will be responsible for a 30% collection fee associated with collecting the balance.

Thank you for understanding our **Financial Policy**. Please let us know if you have any questions or concerns.

I have read the *Financial Policy* and I understand and agree to its provisions.

E-PRESCRIBING/MEDICATION HISTORY CONSENT FORM

e-Prescribing is defined as a physician's ability to electronically send an accurate, error free, and understandable prescription directly to a pharmacy from the point of care. Congress has determined that the ability to electronically send prescriptions is an important element in improving the quality of patient care. E-Prescribing greatly reduces medication errors and enhances patient safety. The Medicare Modernization Act (MMA) of 2003 listed standards that have to be included in an e-Prescribe program. These include:

- **Formulary and benefit transactions** — Gives the prescriber information about which drugs are covered by the drug benefit plan.
- **Medication history transactions** - Provides the physician with information about medications the patient is already taking to minimize the number of adverse drug events.
- **Fill status notification** - Allows the prescriber to receive an electronic notice from the pharmacy telling them if the patient's prescription has been picked up, not picked up, or partially filled.

By signing this consent form you are agreeing that Flagler Family Medicine, PA can request and use your prescription medication history from other healthcare providers and/or third party pharmacy benefit payors for treatment purposes.

Understanding all of the above, I hereby provide informed consent to Flagler Family Medicine, PA to enroll me in the e-Prescribe Program. I have had the chance to ask questions and all of my questions have been answered to my satisfaction.
